Mr. Larry Powell
Sales Manager
Presentation Solutions, Inc.
PO Box 159
Buckner, KY 40010

Dear Mr. Powell:

Wow! I am so impressed with our MAX cutting and printing machines! I was a bit apprehensive at first, but with your thorough training and on-going support, I love working with both machines and so do my students.

I have incorporated the machines into our Student Technology Leadership Program. My students created their own business, Custom Signs. Within their business, they design, sell, and deliver vinyl signs and bumper stickers. This has given them an opportunity to see how a business works and how to figure cost and profit. My students love working with the MAX machines! We only had one copy of the Corel software, and since my students always wanted to work with it, we decided to purchase a license for our whole lab!

The possibilities are endless with this great product! I cannot say enough about the great product as well as the great customer service that I have received from Presentation Solutions! I recommend this product to any school or business! Thanks again for all of your help!

Sincerely,

Mrs. Robin Hurst
