Dear Mr. Erk:

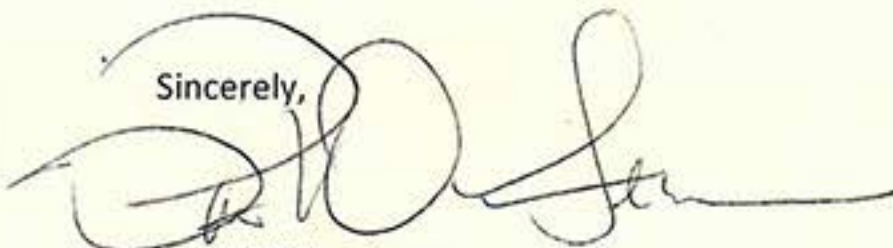

We would like to take this opportunity to express our gratitude for the quality of service and products from your company.

In the short time we have had the Color ProPrinter, Cool Laminator, and The Max, your products have exceeded our original expectations. Our Career Technical Education Business Class has been able to put the products to use in various ways throughout our school and community.

The class began with making various classroom posters for teachers throughout our school and then expanded into creating banners for career fairs and banquets. They also designed our mission statement to be displayed in our district office. In addition, individual plaques were made for our class award ceremonies. The students especially enjoyed designing various picture collage posters to be used in our community with the Color ProPrinter.

Once again we appreciate your company for providing us with your excellent equipment. We look forward to continuing business with you in the future.

Sincerely,

Patti Wilkins-Seaman
CTE Director - George County High

Jeff Mathis
CTE Assistant Director - George County High
