To Whom It May Concern:

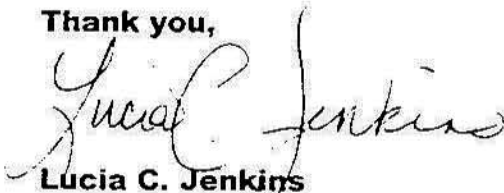

We are using the Max Graphics System here at Webster County High School and we love it. The week we received it, we made a banner to celebrate our test scores and did 121 plaques to reward our students for test performance, all in the same day.

The best experience we have had is an ABA basketball tournament. We set up for 6 hours and cleared over \$800 with just two of us working. This system is great, and is so easy to use.

This past weekend, we hosted the district tournament here, and this system is so easy to use we were able to go back to the office and make another plaque that we needed in minutes.

We are very pleased with this system and are so glad that we purchased it. The customer service is superb and the staff is super helpful.

Thank you,

**Lucia C. Jenkins
Assistant Principal
Webster County High School**
